

EDU 5632/6632-030 or -040**Introduction to Next Steps Intervention: Basic Instruction for Struggling Readers**

(see p. 6-8 for -030 and -040 differential requirements)

Instructor Michele Blake, M.Ed.
Office 801-265-3951
Email: Michele.blake@utah.edu

Schedule & Attendance

- Location: by Zoom. Please arrange for Zoom access on your main and secondary devices. Your trainer will send you a meeting number by email to connect.
- Educator Training Dates: June 7, 8, and 9, 2021 (Monday, Tuesday, Wednesday)
- Clinic Dates: June 10 – June 30, 2021 (Mondays through Fridays)
- Times: 8:00am - 11:30am

You **must** be present for all of 3 days of training, the last 2 days of clinic, and may not miss more than 2 clinic sessions. **No exceptions!** Educators who do not meet these attendance requirements will not receive credit for the course.

You are responsible for sharing contact information with your students' parents. If situations arise that will cause you to miss a tutoring session, or to be late for a tutoring session, you must inform the UURC Trainer and students' parents as soon as possible.

Your attendance and follow-through are of the utmost importance because the UURC has recruited struggling readers to work with you. If you are absent, they do not receive intervention.

Working with Minors: Your Background Check & Youth Protection Training

You are reminded that you should be a positive role model for minors and conduct yourself in a respectful, honest, and caring manner. You may not engage in abusive conduct or speech toward a minor or any conduct or speech of a sexual nature.

You are required to provide the UURC with documentation of a cleared criminal background check. You may provide this documentation via email, land mail, or by bringing it to the office. *Educators who do not meet this requirement by the course deadline will not be allowed to work with students.* **START THIS PROCESS AS SOON AS POSSIBLE; IT MAY TAKE WEEKS TO COMPLETE!**

- a. If you are **practicing educator**, it is likely that you have already completed this process and have a record of such on the USBE CACTUS system. Visit the following website to view your records and obtain documentation: <https://www.uen.org/cactus/logon.do>. If the CACTUS system states that you do not need a background check at this time, please provide the UURC with that CACTUS message, and a copy of your current Utah educator license.
- b. If you are a **University of Utah student**, you should use the USBE Online License System because USBE clearance within the last 3 years is required for all University of Utah education coursework (e.g., EDU 1010, admittance to the teacher certification programs). Instructions are provided at <https://uite.utah.edu/students/background-check/>.
- c. If you are **neither** a practicing educator, nor a University of Utah student, you must still provide documentation of clearance from the Utah Bureau of Criminal Identification (UBCI). Please check the following websites for the application and directions to complete this process: <https://bci.utah.gov/criminal-records/criminal-records-forms/>

You must also complete the U of U Youth Protection Training prior to working with students. This training may be completed on-line: contact youthprotection@utah.edu and you will be directed as to how to proceed.

Educators who have not completed these requirements by the first day of clinic will not be allowed to work with children and will not receive credit for the course.

Course Description and Expectations

This course is designed to help educators develop theoretical and practical knowledge of effective, research-based assessment and intervention for struggling readers who are “stuck” between G1-mid and G2-end levels. Normally-achieving readers pass through this phase of reading development at expected rates, however, many struggling readers in older grades maintain beginning reader behaviors due to environmental and/or neurobiological factors.

The course follows a “practicum model” in which educators build a conceptual framework for reading development and effective intervention through an intensive, mentored clinical experience. The course is open to graduate students, undergraduate students, and educators, including, but not limited to: regular classroom teachers from any grade level, literacy coaches, paraprofessionals, special educators, administrators, and English-Learner (EL) personnel.

The intervention model for this course, Next StepsSM, is a compilation of effective, research-based assessment and intervention techniques, designed for students experiencing reading difficulties, including English Language Learners and students with mild-to moderate learning disabilities.

By participating in this practicum, educators will extend their knowledge of: reading development, phonemic awareness, word identification, synthetic blending, decoding by analogy, basic vowel patterns, automaticity, fluency, textual scaffolding, oral language development, building/activating background knowledge, comprehension instruction, motivation, and using curriculum-based assessment for pacing instruction.

Most importantly, educators will be expected to use their knowledge of these topics as they provide Next StepsSM assessment and intervention for at least one struggling reader. Each participant will receive coaching, observations, and feedback throughout the practicum.

Textbooks & Materials

****Required****

1. To complete this on-line practicum, you must have the following **technology** available and ready-to-go on the first day of training:
 - reliable internet connectivity
 - main device: computer with camera & microphone (e.g., pc w/ web cam or laptop/chromebook with internal camera) Note: no iPads for main device
 - second device: a document camera (e.g., IPEVO, Inswan, OKIOCAM, Hue) **or** flexible gooseneck holder for smart phone **or** iPad
 - access to Zoom on both devices

2. On the first day of training, you must have a **Next StepsSM Tutor Binder**. You have two options for meeting this requirement:
 - Make your own Tutor Binder. If you choose this option, you will need to download, print, and 3-hole-punch all pages from the following link: [www.uurc.utah.edu/Educators/USteps/NextSteps/Tutor Binder](http://www.uurc.utah.edu/Educators/USteps/NextSteps/Tutor%20Binder).
 - Purchase a printed, shrink-wrapped, 3-hole-punched Tutor Binder from University Print and Mail Services, located at:
V. Randall Turpin Univ Serv Bld, RM 135 (at front desk)
Phone 801-581-6171;
uprint@utah.edu.

The cost of a pre-made Tutor Binder is approximately \$8; final cost is determined by University

Printing Services.

3. On the first day of training, you must have a **Next StepsSM Word Study Kit**. You have two options for meeting this requirement:

- Make your own Word Study Kit. If you choose to this option, you will need to photocopy the cards on card stock, laminate, cut, and organize them. This process is time-intensive, so we suggest you begin ASAP. Go to: <http://www.uurc.utah.edu/Educators/Resources.php> and download the Next StepsSM Word Study Kit. Before you do anything, carefully read the instructions and then follow them in sequence. The cost of making your own kit will vary from \$30-\$150, depending on where you laminate your materials, so we encourage you to shop around for the best price.
- Purchase a printed, shrink-wrapped kit with laminated and already cut cardstock from University Print and Mail Services (see contact info above). Pre-made kits save time, but you will need to sort, organize, and place the cards in envelopes BEFORE you attend your first training! Many tutors purchase a small plastic container with a handle for easy storage and transport.

The cost of a pre-made kit is approximately \$75; final cost is determined by University Printing Services.

4. On the first day of training, you must have **2 Student Binders** (1" plastic)—one binder for each of your students. Go to your Tutor Binder and copy the following pages for each Student Binder:

- 25 hard copies of the Next Steps Lesson Plan (p.4)
- 1 hard copy of the Next Steps Book List Record Sheet (p. 21)
- 2 hard copies of Timed Repeated Readings/Two Minutes/200 Words (p. 58)

5. On the first day of training, you must have:

- a **timer** that counts both up & down (many cell phones have this feature)
- 1 black permanent **marker** (e.g., Sharpie, Accent), 1 permanent **marker** of another color
- 1 package 3x5 white unlined **index cards**

All required materials must be complete and ready to use on the first day of training and every day thereafter.

Recommended – available on-line

Morris, D.M. (2017). *The Howard Street Tutoring Manual: Teaching at-risk readers in the primary grades*. New York: Guilford Press.

Recommended Readings Prior to Beginning Practicum:

Morris, D. (2017). Chapter 1/The Tutoring Model

Recommended Readings During Practicum:

Morris, D. (2017). Chapter 2/Assessment
Chapter 4/Beth: The Fledgling Reader
Chapter 5/Kurt: The Late-First to Second Grade Reader

Course Schedule

Pre-Clinic Training Session 1/Overview/Baseline Assessment

Introductions: UURC staff, participants.

Discuss value of clinical practicum for practicing educators: building the conceptual framework that informs reading instruction and intervention for struggling readers, including English Learners and students with mild-to-moderate learning disabilities.

Review expectations: training schedule, tutoring schedule, background check, youth protection training, word study kit, student or tutor absence, communication with UURC supervisor, readings, and criteria for earning university credit.

Note empirical research base for intervention models (Early StepsSM/Next StepsSM/Higher StepsSM)
- *Reading Research Quarterly, 1999; Elementary School Journal, 1984, 1990; Scientific Studies of Reading, 1996; Journal of Educational Psychology, 2001; Journal of Literacy Research, 2005.*

Overview of Next StepsSM Lesson Plan, Tutor Binder, Controlled Text & Next StepsSM Word Study Kit.

Pre-Clinic Training Session 2 - Intervention Model

Lesson Format: overview, modeling, and guided practice Next StepsSM Lesson: high frequency word bank, assisted reading, word study, high frequency word sentence stem, repeated reading for fluency, lesson planning.

Word Identification & Phonemic Awareness: synthetic blending vs. unreliable word identification strategies, helping students use tapping as a strategy for blending and phonemic segmentation, importance of building sight vocabulary—especially for high frequency words.

Theoretical framework: intervention models based on empirical evidence explaining delays in reading development & components of effective intervention:

- assisted reading of controlled text at instructional level
- text structure instruction for comprehension
- phonemic awareness instruction
- systematic, explicit, advanced word study at instructional level
- oral language and vocabulary development through text content
- fluency work.

Overview of RLA baseline assessment results: relative importance of print-processing components (i.e., accuracy and rate) and comprehension, analysis of specific student abilities and relationship to first lesson plan.

Week 1/Execution of the Intervention Model

Word Identification, Phonemic Awareness & Spelling: closed syllable structure, helping students use blending/tapping to move across words, high frequency word bank, short vowel sound cards, mixed short vowel routines,

Assisted Reading, Rereading & Comprehension: echo reading, prosody echo, solo reading, accurate finger-pointing within the context of reading development, rate and accuracy checks for moving up a text level.

Clinic: each participant has the opportunity to tutor one or more students under the supervision of mentors. Tutoring session is followed by discussion of relevant instructional issues (e.g., pacing, text level, sight word development) and opportunities for questions, remodeling, and clarification.

Week 2/Sight Vocabulary, Comprehension

Word Identification, Phonemic awareness & Spelling: vowel vs. consonants, importance of sight vocabulary—especially for high frequency words, short vowel stretch cards, consonant digraphs & blends, determining mastery via word study checks, reducing “teacher talk” during routines.

Assisted Reading, Rereading & Comprehension: handling oral reading errors “on the run,” accurate finger-pointing in text, factual and inferential comprehension work, repeated readings to build accuracy and rate, repetition of high utility vocabulary in word study for ELLs.

Clinic: each participant has the opportunity to tutor one or more students under the supervision of mentors. Tutoring session is followed by discussion of relevant instructional issues (e.g., pacing, text level, sight word development) and opportunities for questions, remodeling, and clarification.

Week 3/Vowels, Comprehension, Vocabulary

Assessment: overview of the Flash word recognition automaticity instrument with attention to the difference between timed and untimed data.

Word Identification, Phonemic awareness & Spelling: fully-analyzing troublesome high frequency words coupled with 2-2-2, Make & Break, determining mastery via word study checks, transition from mixed short vowel protocols to core vowel pattern protocols, focus on vowel patterns and relationship to vowel sounds.

Assisted Reading, Rereading & Comprehension: word study to text level correspondence, rereading books from current and previous levels when indicated, impact of narrative and informational text structure on comprehension instruction, modeling full sentence replies, use of developmental prompts for unfamiliar words in text.

Clinic: each participant has the opportunity to tutor one or more students under the supervision of mentors. Tutoring session is followed by discussion of relevant instructional issues (e.g., pacing, text level, sight word development) and opportunities for questions, remodeling, and clarification.

Week 4/End of Clinic Assessments

Assessment: participants will use the RLA and the Flash Instrument to re-assess students in oral reading accuracy, rate, comprehension and word recognition automaticity (timed and untimed), scoring and interpreting assessments, tutors complete student re-evaluation for parents re: student progress.

Assisted Reading, Rereading & Comprehension: role of “teacher talk” during text reading, overview of assisted reading and rereading protocols for small groups.

Clinic: each participant has the opportunity to tutor one or more students under the supervision of mentors. Tutoring session is followed by discussion of relevant instructional issues (e.g., pacing, text level, sight word development) and opportunities for questions, remodeling, and clarification.

Exit Documentation: (e.g., new lesson plan, book log, word study log, etc.).

UNIVERSITY CREDIT REQUIREMENTS & CRITERIA

Americans with Disabilities Act (ADA)

The University of Utah seeks to provide equal access to its programs, services and activities for people with disabilities. If you will need accommodations in this class, reasonable prior notice needs to be given to the Center for Disability Services, 162 Union Building, <http://www.sa.utah.edu/ds>, 581-5020 (V/TDD). CDS will work with us to make arrangements for accommodations. All written information in this course can be made available in an alternative format with prior notification to the Center for Disability Services.

If you have already established accommodations with CDS, please provide me with this information as soon as possible and no later than the first week of class, so that I can provide a supportive learning environment.

Attendance & Requirements

The University expects regular attendance at all class meetings. Instructors must communicate any particular attendance requirements of the course to students in writing on or before the first-class meeting. Students are responsible for acquainting themselves with and satisfying the entire range of academic objectives and requirements as defined by the instructor. PPM/Policy6 - 100III--O

Academic Honesty

It is required that you are aware of the University of Utah policies as you will be held accountable to University of Utah standards. Please read the *University of Utah Code of Student Rights and Responsibilities*, <http://www.admin.utah.edu/ppmanual/8/8-10.html>

which states in part, "In order to ensure that the highest standards of academic conduct are promoted and supported at the University, students must adhere to generally accepted standards of academic honesty, including but not limited to refraining from cheating, plagiarizing, research misconduct, misrepresenting one's work, and/or inappropriately collaborating."

English Learners

If you are an English language learner, please be aware of several resources on campus that will support you with your language and writing development. These resources include: the Writing Center (<http://writingcenter.utah.edu/>); the Writing Program (<http://writing--program.utah.edu/>); the English Language Institute (<http://continue.utah.edu/eli/>). Please let me know if there is any additional support you would like to discuss for this class.

Safety

The University of Utah values the safety of all campus community members. To report suspicious activity, call campus police at 801-585-COPS (801-585-2677). You will receive important emergency alerts and safety messages regarding campus safety via text message. For more information regarding safety and to view available training resources, including helpful videos, visit safeu.utah.edu.

Future Impact

- use your practicum experience to develop an enhanced conceptual framework for how reading develops and how instruction can lead that development, a.k.a. think about the students in your future classrooms
- remember that even two dozen tutoring sessions can make a significant difference in a student's reading ability and YOU can be the person who makes that difference for the child YOU tutor at the UURC

Professionalism

All participants are reminded that they are guests at the UURC and are asked to conduct themselves in a professional manner. Professionalism for this UURC practicum includes, but is not limited to:

- punctuality
- displaying evolving attitudes toward teaching & learning that are supportive of all students and communities
- refraining from abusive conduct toward a student or any conduct of a sexual nature
- demonstrating an openness to feedback and using such to improve performance
- seeking advice when needed
- exchanging contact information with UURC supervisor (i.e., cell and/or home phone, email address)
- communicating with UURC supervisor regarding any potential conflicts with the schedule
- if absence results in a missed session, consult with UURC supervisor to arrange a make-up session

- maintaining academic honesty <http://www.admin.utah.edu/ppmanual/8/8-10.html>
- maintaining "Fitness to Teach" criteria (see <http://uite.utah.edu/documents/www-ed-utah-edu/programs/Fitness%20to%20Teach%20Final.pdf>)

Significant and/or repeated failure to maintain professionalism may result in removal of the pre-service educator from the practicum and 'no credit/failing grade' for the course.

**EDU 56/6632-030 - Introduction to Next Steps Intervention:
Basic Instruction for Primary Grade Struggling Readers**

To determine if this 3-**credit/no credit course (i.e., no letter grade)** applies to your school district salary schedule or to your university education program, you must consult the appropriate district and/or university advisors. To earn credit, participants must satisfactorily meet the following criteria:

- attendance requirements
- provide current, cleared background check & youth protection training documentation
- satisfactorily tutor student(s) or observe as directed, including implementation of feedback
- conduct assessments as directed
- participate in debrief/discussion of student progress
- maintain professionalism as defined above throughout practicum

Participants who fail to meet one or more criteria will not receive course credit.

Presentation of this course on university transcript to USOE earns 54 re-licensure points.

**EDU 56/6632-040 - Introduction to Next Steps Intervention:
Instruction for Primary Grade Struggling Readers**

To determine if this 3-**credit letter-graded course** applies to your school district salary schedule or to your university education program, you must consult the appropriate district and/or university advisors. To earn credit, participants must satisfactorily meet the following criteria:

- attendance requirements
- provide current, cleared background check and youth protection training documentation
- satisfactorily tutor student(s) or observe as directed, including implementation of feedback
- earn a combined grade of .7 or better on tutoring execution and written case study
- conduct assessments as directed
- participate in debrief/discussion of student progress
- maintain professionalism as described above throughout practicum

Participants who fail to meet one or more criteria will not receive course credit.

Presentation of this course on university transcript to USBE earns 54 re-licensure points.

Tutoring Grading Rubric: Tutoring during the practicum will earn pass +, pass -, or fail as UURC staff conduct formal and informal observations as needed.

The criteria are as follows:

Pass + = Satisfactory to strong tutoring execution for most of the practicum. Satisfactory to strong ability to analyze and respond to student performance. Satisfactory to strong preparation and management of tutoring materials. Satisfactory to strong ability to integrate trainer feedback into tutoring performance. Satisfactory to strong contribution to training and debriefing sessions.

Pass - = Less than satisfactory tutoring execution for most of practicum. Less than satisfactory ability to analyze and respond to student performance. Less than satisfactory preparation and management of tutoring materials. Less than satisfactory ability to integrate trainer feedback into tutoring performance. Less than satisfactory contribution to training and debriefing sessions.

It is important to note that failure to meet a majority of the criteria listed above under Pass + constitutes grounds for a score of Pass -."

Tutoring Grading Conversions: Pass + = 4.0/A

Pass - = 2.0/C

Written Case Study: Choose one of the students you tutored during the Next Steps practicum as the subject for a written case study. The case study should include:

1. Summary and analysis of the student's foundation for reading success at baseline.

This is more than simply "reporting the data." In addition to describing the student's baseline instructional level in passage reading, you must discuss his/her reading level in relation to chronological grade level in terms of oral reading accuracy, oral reading rate, and comprehension. Specifically, at baseline, where is this child in relation to where s/he should be?

2. Summary and analysis of the intervention.

Describe the intervention you provided for this child. Briefly describe each component (assisted reading, advanced word study and fluency work). Did any component seem to offer more difficulty or ease than others? Why? What, if any, adjustments did you make in the intervention?

3. Summary and analysis of the student's reading abilities at posttest.

After administering the posttest and analyzing the data, describe your student's reading abilities at the close of the intervention. Discuss your student's instructional level in passage reading and word recognition in relation to chronological grade level. If indicated, make specific recommendations for future instruction/intervention.

4. Summary and analysis of your own teaching practices.

As an educator, what have you learned about reading development and instruction/intervention from your practicum experience? How has this learning informed your practice? Provide specific examples.

This case study must be typed, double-spaced, and include the following information:

- your full name
- semester and year you registered for this course,
- course name, course number, section number (e.g., Next Steps EDU 6632-040)
- your employing school and district (e.g., Sandy Elementary, Canyons School District)

This information may be placed on page 1; a separate cover page is not necessary.

The case study should be no longer than 10 pages in length. It must meet APA standards for writing style and mechanics. As such, educators are encouraged to have their papers proofread for appropriate grammar, spelling, and punctuation.

Your case study is due by 5pm, one week after the last day of practicum and should be sent electronically to kathleen.brown@utah.edu. If needed, you will receive feedback from Dr. Brown electronically.

Case Study Grading Rubric: The case study will earn pass +, pass, pass -, or fail.

The criteria for grading are as follows:

Pass + = Exceptionally strong summary and analysis of baseline results, intervention, and posttest results. Exceptional analysis of practicum's impact on own teaching. Superior academic writing style. No mechanical errors.

Pass = Satisfactory summary and analysis of baseline results, intervention, and posttest results. Satisfactory analysis of practicum's impact on own teaching. Satisfactory academic writing style. Very few, if any, mechanical errors.

Pass - = Less than satisfactory summary and analysis of baseline results, intervention, and posttest results. Less than satisfactory analysis of practicum's impact on own teaching. Flawed academic writing style. Numerous mechanical errors.

It is important to note that failure to meet any criterion constitutes grounds for an assignment to earn a lower score. For example, a case report that is satisfactory in meeting the first three criteria but evidences numerous mechanical errors may earn "pass -."

Case Study Grading Conversions: Pass + = 4.0-3.7(A to A-) Pass = 3.3-2.0(B+ to C)
 Pass - = 1.7-.7(C- to D-)

We recommend that you keep a copy of your case study on file or hard drive until you receive your final grade.

Please note that we do not make special arrangements to post final grades early.

If you miss the deadline for paper submission, you will receive an "I" signifying "incomplete." After 1 year, the "I" will convert to an "E," which is a final grade of "no credit."
