**Course Description and Expectations**

This course is designed to help educators deliver effective, efficient research-based assessment and intervention for readers of any age who have reached an early 3<sup>rd</sup> grade reading level, but who are below their chronological grade levels. Research has demonstrated that, due to environmental and/or neurobiological issues many older students reading below grade level manifest behaviors consistent in much younger normally-achieving readers.

Higher Steps<sup>SM</sup> intervention is provided in a small group format for readers who are at approximately the same ability level. The course follows a “practicum model,” in which educators build a conceptual framework for reading development and intervention through a yearlong, mentored intervention experience.

The course is open to any educator, including but not limited to: classroom teachers, reading specialists, special educators, administrators, paraprofessionals, and Multi-Language Learner (MLL) personnel.

***Please note that for this course to count toward the USBE’s Secondary Literacy Interventionist Endorsement, educators must implement Higher Steps<sup>SM</sup> in a small group of secondary students (i.e., grades 6-12).***

**Working with Minors: Your Background Check & Youth Protection Training**

You are reminded that you should be a positive role model for minors and conduct yourself in a respectful, honest, and caring manner. You may not engage in abusive conduct or speech toward a minor or any conduct or speech of a sexual nature.

All persons working with **students from the UURC** are required to provide the UURC with documentation of a cleared criminal background check. You may provide this documentation to the UURC via email, land mail, or by bringing it to the office. **START THIS PROCESS AS SOON AS POSSIBLE; IT MAY TAKE WEEKS TO COMPLETE!**

- a. If you are **practicing educator**, it is likely that you have already completed this process and have a record of such on the USBE CACTUS system. Visit the following website to view your records and obtain documentation: <https://www.uen.org/cactus/logon.do>. If the CACTUS system states that you that you do not need a background check at this time, please provide the UURC with that CACTUS message, and a copy of your current Utah educator license.
- b. If you are a **University of Utah student**, you should use the USBE Online License System because USBE clearance within the last 3 years is required for all University of Utah education coursework (e.g., EDU 1010, admittance to the teacher certification programs). Instructions are provided at <https://uite.utah.edu/students/background-check/>.
- c. If you are neither a practicing educator, nor a University of Utah student, you must still provide documentation of clearance from the Utah Bureau of Criminal Identification (UBCI). Please check the following websites for the application and directions to complete this process: <https://bci.utah.gov/criminal-records/criminal-records-forms/>

All persons working with **students from the UURC** are also required to complete the U of U Youth Protection Training prior to working with students. This training may be completed on-line: contact [youthprotection@utah.edu](mailto:youthprotection@utah.edu) and you will be directed as to how to proceed.

***Persons who have not completed these requirements by the first day of clinic will not be allowed to register for this course and will not receive credit for the course.***

### **Textbooks & Materials**

1. On the first day of training, you must have access to the Higher Steps<sup>SM</sup> Resources (see link below). At the first training, and thereafter, we will specify which required binder materials you will need to download and print for you and your student.
  - <https://uurc.utah.edu/Educators/Resources.php>
2. On the first day of training, you must also bring a Higher Steps<sup>SM</sup> Word Study Kit. You have two options for meeting this requirement:
  - Make your own Higher Steps<sup>SM</sup> Word Study Kit. If you choose to this option, you will need to photocopy the cards on card stock, laminate, cut, and organize them. This process is time-intensive, so we suggest you begin ASAP. Go to: <http://www.uurc.utah.edu/Educators/Resources.php> and download the Higher Steps<sup>SM</sup> Word Study Kit. Before you do anything, carefully read the instructions and then follow them in sequence. The cost of making your own kit will vary from \$30-\$150, depending on where you laminate your materials, so we encourage you to shop around for the best price.
  - Purchase a printed, shrink-wrapped kit with laminated and already cut cardstock from University Print and Mail Services ([2302165 UPMS Reading Clinic Flyer.pdf - Google Drive](#)).

Pre-made kits save time, but you will need to sort, organize, and place the cards in envelopes BEFORE you attend your first training! Many tutors purchase a small plastic container with a handle for easy storage and transport.

The cost of a pre-made kit is approximately \$75; final cost is determined by University Printing Services.

3. On the first day of training, you must have:
  - a timer that counts both up & down (many cell phones have this feature)
  - 1 black permanent marker (e.g., Sharpie, Accent)
  - 1 different color permanent marker
  - 1 package of 3x5 white unlined index cards

**All required materials must be ready to use on the first day of training & every day thereafter.**

## **University Credit Requirements & Criteria**

### **Impact on the Future**

Use your tutoring experience to understand how reading develops and how instruction leads to that development—even when students struggle. What you learn will help you be a better reading teacher in the future. And remember—even 20 or so tutoring sessions can make a significant difference in a student’s reading ability. YOU can be the person who makes that difference for the child YOU tutor!

### **Professionalism**

All participants are asked to conduct themselves in a professional manner. Professionalism for this course/practicum includes, but is not limited to:

- punctuality
- displaying evolving attitudes toward teaching & learning that are supportive of all students and communities
- refraining from abusive conduct toward a student or any conduct of a sexual nature,
- demonstrating an openness to feedback and using such to improve performance,
- seeking advice when needed
- exchanging contact information with site supervisor (i.e., cell and/or home phone, email address)
- communicating with site supervisor regarding any potential conflicts in the schedule (e.g., school vacation days)
- if absence results in a missed session, consult with site supervisor to arrange a make-up session that may be scheduled at the discretion of the school supervisor
- maintaining [Fitness to Teach criteria](#)

Significant and/or repeated failure to maintain professionalism may result in removal of the educator from the practicum and ‘no credit/failing grade’ for the course.

### **Course Credit Criteria (EDU 5761/6761-030)**

#### **Tutoring Execution:**

Tutoring during the practicum will earn Satisfactory-strong, Moderate-less as UURC staff conduct formal and informal observations as needed.

#### **The criteria are as follows:**

**Satisfactory-Strong**, 100% = Satisfactory to strong tutoring execution for most of the practicum. Satisfactory to strong ability to analyze and respond to student performance. Satisfactory to strong preparation and management of tutoring materials. Satisfactory to strong ability to integrate trainer feedback into tutoring performance. Satisfactory to strong contribution to training and debriefing sessions.

**Moderate-less**, 70% = Moderate-less than satisfactory tutoring execution for most of practicum. Moderate-less than satisfactory ability to analyze and respond to student performance. Moderate-less than satisfactory preparation and management of tutoring materials. Moderate-less than satisfactory ability to integrate trainer feedback into tutoring performance. Moderate-less than satisfactory contribution to training and debriefing sessions. It is important to note that failure to meet a majority of the criteria listed above under 100% constitutes grounds for a score of 70%.

It is important to note that failure to meet a majority of the criteria listed above under 100% constitutes grounds for a score of 70%.

To receive credit (i.e. no letter grade) for the course, participants must satisfactorily meet each criterion outlined below:

- provide current, cleared background check documentation
- complete clinical training and coaching attendance requirements
- tutor students as directed--including implementation of feedback
- conduct assessments as directed
- participate in debrief/discussion of student progress

### **Letter Grade Course Credit Criteria (EDU 5761/6761-040)**

To earn letter-grade credit, participants must satisfactorily meet each criterion outlined below:

- provide current, cleared background check documentation
- complete clinical training and coaching attendance requirements
- tutor students as directed--including implementation of feedback
- conduct assessments as directed
- participate in debrief/discussion of student progress

**Written Case Study: Your Higher Steps<sup>SM</sup> small group will be the subject of a written case study.**

**The case study should include:**

1. **Summary and analysis of each student's foundation for reading success at baseline.** This is more than simply "reporting the data."

- a. Describe student's baseline performance in oral reading rate/accuracy/comprehension.
  - b. Discuss their performance in relation to chronological grade level expectations.
    - i. Are they at risk for reading difficulties? Why?
- 2. Summary and analysis of the intervention.** Describe the components of the intervention you provided, including:
- a. Description of tasks in the component.
  - b. Explain purpose of component.
  - c. Student response to the instruction including:
    - Did any component seem to offer more difficulty or ease than others? Why?
    - What, if any, adjustments did you make in the intervention?
- 3. Summary and analysis of each student's reading performance at posttest.** After administering the posttest and analyzing the data,
- a. Describe each student's reading performance at the close of the intervention.
  - b. Discuss student's instructional level in passage reading and word recognition in relation to chronological grade level.
  - c. If indicated, make specific recommendations for future instruction/intervention.
- 4. Summary and analysis of teaching practices.**
- a. What have you learned about reading development and instruction/intervention from your practicum experience?
  - b. How has this learning informed your practice? Provide specific examples.

Your case study is due by 5pm, 2 weeks after the final day of your practicum. Please submit your case study by email to [kelly.patrick@utah.edu](mailto:kelly.patrick@utah.edu). Dr. Patrick will evaluate your paper using the rubric above and respond to you with a paper grade and a final grade that will be entered with the U of U Registrar.

If you miss the deadline for paper submission, you will receive an "I" signifying "incomplete." After 1 year, the "I" will convert to an "E," – a final grade of "no credit."

**Be aware that your grade may not post with the registrar until the semester following your paper submission.**

We cannot make "special arrangements" to post individual grades early—regardless of the reason.

**Please keep a copy of your case study on file or hard drive until you receive your final grade.**

Course grade = 25% (/31 points) case study grade and 75% (/93 points) practicum grade.

The criteria for grading are as follows:

93-100% = Exceptionally strong summary and analysis of baseline results, intervention, and posttest results. Exceptional analysis of practicum's impact on own teaching. Superior academic writing style. No mechanical errors.

73-92% = Satisfactory summary and analysis of baseline results, intervention, and posttest results. Satisfactory analysis of practicum's impact on own teaching. Satisfactory academic writing style. Very few, if any, mechanical errors.

60-72% = Less than satisfactory summary and analysis of baseline results, intervention, and posttest results. Less than satisfactory analysis of practicum's impact on own teaching. Flawed academic writing style. Numerous mechanical errors. It is important to note that failure to meet any criterion constitutes grounds for an assignment to earn a lower score. For example, a case report that is satisfactory in meeting the first three criteria but

evidences numerous mechanical errors may earn “Not Passing.”

IT IS RECOMMENDED THAT YOU RUN YOUR CASE STUDY THROUGH A WRITING ASSISTANCE APP (E.G., GRAMMARLY) PRIOR TO SUBMISSION.
